RASPBERRY PI 4

STARTER KIT

This kit includes the Raspberry Pi 4 and everything you need to get up and running in the exciting world of Raspberry Pi! The Raspberry Pi 4 offers ground-breaking increases in processor speed, multimedia performance, memory, and connectivity compared to the prior-generation boards, while retaining backwards compatibility and similar power consumption. The Raspberry Pi 4 provides desktop performance comparable to entry-level x86 PC systems.

The Raspberry Pi 4 has two Micro HDMI ports to provide dual monitor support. The kit includes a high quality 4K60P Micro HDMI to HDMI cable (6 feet) to provide best output display resolution support.

The kit includes a case adapted to be fully compatible with the Pi 4, as well as a set of Heat Sinks and a low-noise fan to help keep the Pi 4 running cool.

21-DAY LOAN

TO CHECK OUT:

Bring the hanging tag from the display to the circulation desk and staff will assist you. If the tag is gone, item is checked out and staff can help you place a hold for when it is returned.

Total Replacement Value: \$120
